

僑心國語學校

Chiao Hsin Chinese Language School

Dec. 1, 2012

Dear **Monterey Park Boy Scout Team**,

I would like to represent **Chiao Hsin PTA** team members to thank all of you for your recent kind volunteer work on fixing the stairs at **Chiao Hsin Chinese Language School** building in October 2012. The repaired stairs not only ensures a safety environment in school campus, but also provides a strong walk path to our new library at second floor -- we are converting one of the classrooms on second floor to a school library for all students, the repair on the stairs just came to play in perfect timing.

As you may know, our school is a non-profit organization. We serve local community and provide Chinese/English language education to local students and young generations. We raise money from time to time to maintain the school campus. Your volunteer work on our campus is just equal to a large donation to our school. We feel your love and warm heart and it has been so touching to all of us at **Chiao Hsin**.

Our school principal, **Wang Lau Shi**, the entire school students, and our PTA team would like to express our highest appreciations to your kindness support.

Once again, thank you for your kind donations. We wish you all have a very happy Holiday season and look forward to seeing your visit to our school in your spare time.

Sincerely,

Surin Shaw

PTA President
